Solar roof panels in Shanghai

“Free water heating”

BUSINESS CHALLENGE

- Bureau Veritas is a recognized world leader in providing Environmental services. Our ongoing aim is to practice what we preach and actively participate in the global drive towards sustainable development.
- In addition, exceeding our customers’ expectations is vital for current and future business

SOLUTION

- In 2008, 220 m² of solar panels were installed on the roof, representing an investment of US\$25,000
- The panels provide 15 metric tons of hot water every day
- The estimated return on investment is 2 years

BENEFITS

- Energy consumption has been reduced by 40%
- The entity’s local and internal reputation as a pioneer in green energy has been enhanced
- This provides a concrete illustration of the Group’s environmental commitment.
